For over 60 years, Mayo Furniture has been trusted for quality craftsmanship. Built with care in the USA, our Mayo Sleep solutions combine premium materials with extensive experience to ensure lasting comfort that resonates at retail.

Mayo's commitment to quality and craftsmanship shines in our mattress line

HEAXAGONAL ROLLER TEST

Only a minimal indentation of 1/8" at 15 years of use.

CORNELL TEST

Mayo retained 95% of its initial support over 15 years

Only a minimal indentation of 1/8" at 15 years of use.

Industry standard allowed indentation is 1.5"; Our product allows less than .125" at 15 years of use.

Over 150,000 cycles, Mayo retained 95% of its initial support.

We test well beyond the standard 10 years. Industry standard is 10 years; Mayo tests to 15 years (150,000 cycles)

All mattresses carry a 20-year warranty.

Rest assured.

- ▶ 95% firmness after 15 years
- ▶ 1/8" profile loss after 15 years
- ▶ 20-year warranty
- ▶ Most mattresses only test to 10 years
- ▶ 60 years of American-made quality

MAYO LEGACY & EXPERTISE
ABOUT US

- **Family-Owned Legacy:** Over 50 years of family ownership, now managed by the third generation.
- **Made in the USA:** Proudly manufactures all products in America, supporting local jobs and materials.
- **Trusted Quality:** Committed to delivering reliable, **high-quality craftsmanship** since 1965.
- **Innovative Manufacturing:** Continuous investment in advanced technology ensures efficient, top-tier production.
- **Strong Supplier Partnerships:** Built on long-standing, trusted relationships with key suppliers.
- **Durable & Comfortable:** Known for high-quality upholstery and foam technology that ensures lasting comfort.
- **Nationwide Growth:** Expanded from a small Texas factory to a national brand with 200+ employees.
- **Values-Driven:** Guided by the core family values of trust, integrity, and craftsmanship.

Our Process

OUR PROCESS, PRODUCTS & PEOPLE

MAYO CRAFTMANSHIP

Veteran Craftsmanship:

- Hand-making furniture and mattresses with over 50 years of success.

Sourcing Quality:

- At Mayo, we only use the finest grades of materials. From core to cover, Mayo makes it right!

Eco-Focused Resources:

- We don't skimp on our standards of quality nor our belief in providing healthy products to our customers.

Internal Cutting & Laminating:

- With our state-of-the-art factory, we have efficient line control with cutting and laminating all our foams.

Handmade in the USA:

- All Mayo Sleep Solutions are made right here in the USA by hard working American men and women.

Lean and Efficient:

- Our team and process runs lean and efficiently, utilizing veteran craftsmanship and modern technologies.

Quality Control Excellence:

- All Mayo products are made to exact specifications, checked twice and backed with our guarantee.

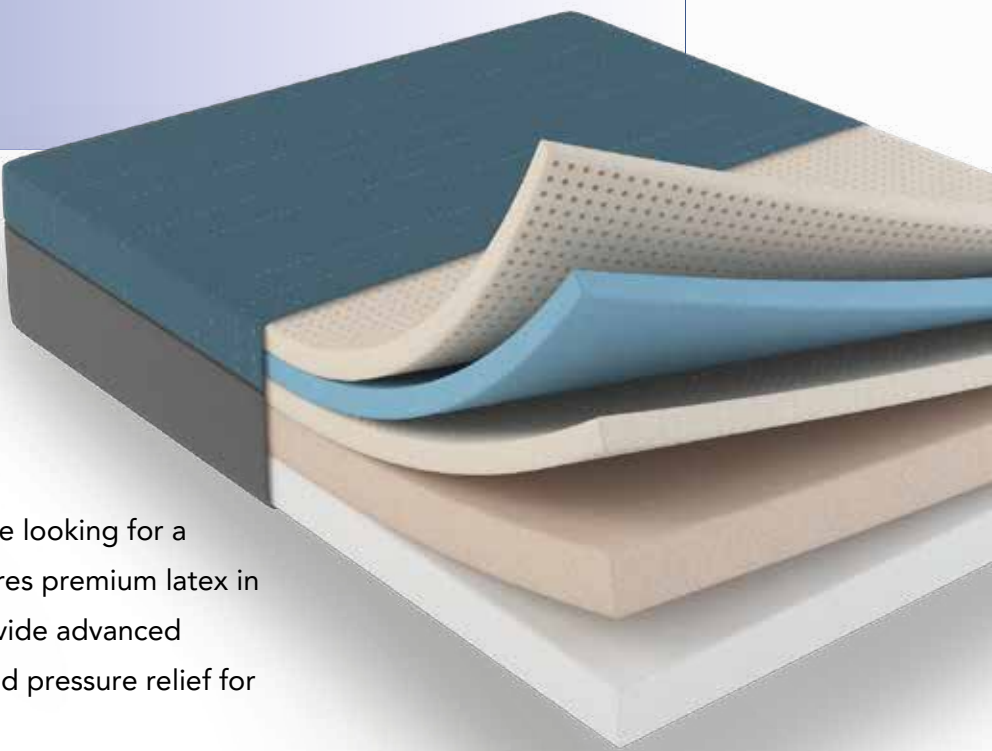

Distribution:

- We have over 172,000 SQFT of factory space committed to manufacturing the best furniture and mattresses in America.

WE BELIEVE IN OUR PRODUCTS, OUR PROCESSES AND OUR PEOPLE. YOU CAN TOO!

FEATURE CORE FOCUS

PREMIUM FOAMS

Nature CORE Latex Foam

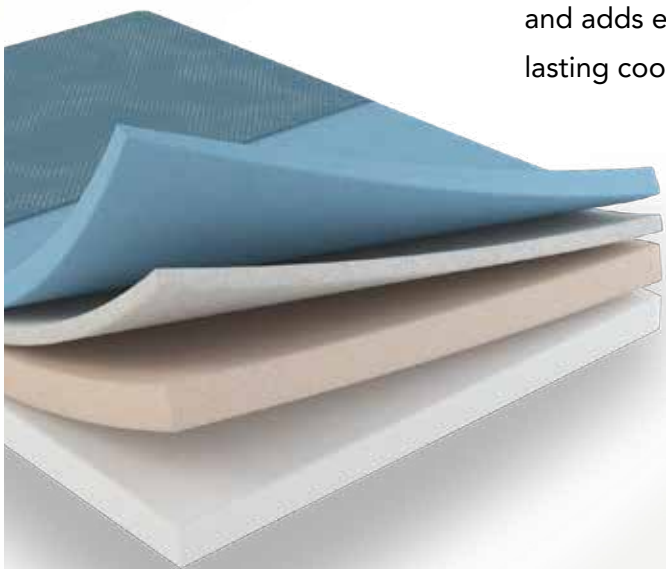

For our more informed consumer and those looking for a natural feature, our Nature Core line features premium latex in firm and plush feels. These mattresses provide advanced conforming capabilities of both support and pressure relief for consumers.

CORE Memory Foam

Our formulation of memory foam is the core feature of our Memory Core models. We utilize premium ultra-high density foam for a luxurious feel and advanced pressure relieving capabilities.

CORE Comfort Serene® Foam

This fast response foam is used to provide comfort with pressure relief and adds enhanced airflow at the surface of your mattress for a long lasting cool night's rest.

CORE Resilience Omalon Foam

An advanced, high-density polyurethane foam designed to provide enhanced support and durability. Its cell structure is elongated rather than round, giving it more resilience and a greater ability to maintain its shape over time compared to traditional foams.

Mayo Sleep uses the finest foam formulations for better, longer lasting sleep.

SOURCING QUALITY
CERTIFIED COMPONENTS

OEKO-TEX® Standard 100:

- Certifies rigorous testing of every product component.
- Tested for up to 350 toxic chemicals.
- Standard 100 certification ensures purity and safety.
- Globally trusted label for high-quality standards.

ECO Institut Certified:

- Low VOC Emissions: Ensures minimal harmful chemical release.
- Eco-Friendly: Promotes sustainable, non-toxic materials.

CertiPUR-US® Foams:

- Ensures foams are made without harmful chemicals.
- Environmentally friendly and safe for human health.
